PREMIUM NEW ZEALAND ICE CREAM

AWARD WINNING RECIPES

Past the great Lakes of New Zealand's South Island, in the shadow of the Alps, lies some of the richest dairy farming country in the world. Snow-fed rivers, clean air, sunshine and year-round grazing on the open, rolling pastures that New Zealand is famous for, give our cows the ability to produce the world-class milk and dairy products that go into some of the best ice cream you will ever taste, anywhere.
