

# WDOM

WDOM pronounced ('dom), Wholesome, Delicious, Original, Marvellous. Promoting the magic in milk & dairy, transforming ordinary milk products into extraordinary ones.

## WHOLESOME. DELICIOUS. ORIGINAL. MARVELLOUS.

New Zealand is already the world leader in dairy, and our country has the best environment for our dairy cattle. They get to graze all year round, and our individually sourced farms make sure there are no chemical or hormonal additives being fed to their cattle, which means you don't get it in our milk.
