

Westpac Mussels

Westpac produce one of New Zealand's finest sustainable and renewable resources, New Zealand Greenshell™ Mussels, and do it with great pride, passion and pleasure.

NEW ZEALAND GREENSHELL™ MUSSELS

- The highest standards and quality at each step from growing, harvesting, processing, and packing to produce premium first grade New Zealand Greenshell™ Mussels.
- Privately owned and operated marine farms are situated on some of New Zealand's most pristine and picturesque aquaculture growing areas.
- Sustainable practices now and for generations to come.
- Traceability from the aquaculture farm through to packaged product
- Low in fat, calories and cholesterol. A high source of selenium, iron, Vitamin B12, iodine, magnesium, calcium and Omega-3
